

TRON LINEAR: TRACK

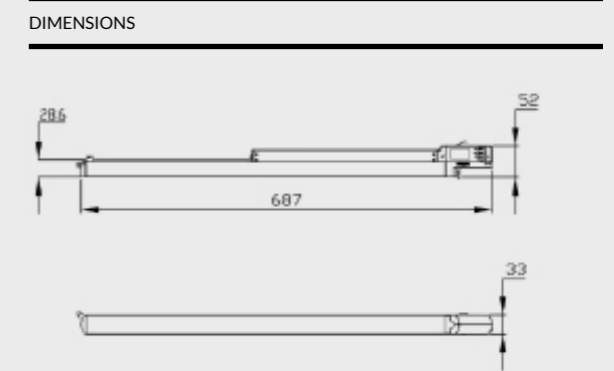

The Tron Linear : Track brings the Tron Linear solution to a track format for seamless integration within track concepts. The minimalist design is nearly identical to the proportions of 3 Circuit Lighting Track. Available in 600mm and 1000mm variants the Track version of Tron Linear enables designers to integrate Light Lines within track designs for ease of installation and flexibility used alone or in combination with Tron Accent modules or Track Spotlights.

Available finishes

STANDARD SPECIFICATION	
Lumen Output	700 lumens
Colour Rendering Index	CRI 80 + / CRI 90+
Colour Temperature	3000K / 4000K
Luminaire Beam Angle	100°
Protection	IP20
Colour	Black / White / Grey
Dimmable	ON / OFF, DALI
Driver	Integral
Wattage	9W
Lumens per Watt Input (CRI 80)	78 Lm / W
Voltage	220-240V
Customised specification	Available on request

STANDARD WARRANTY TERMS	
FOC direct replacement luminaire	5 years from supply
Extended warranty options	Available on request

Note: Also available in 1000mm, 1200mm variant.

Performance: Values are recorded at 4000K, Maximum Output. Due to our commitment to continuous technical development please contact us for the latest performance values.
